

Platinum Recoveries Ltd

Specialist Catalytic Converter Recycling

Platinum Recoveries Limited is the UK's largest exclusive Catalytic converter Recycler.

OVERVIEW

The primary mode of operation is for PRL to purchase spent catalytic converters from various sources including fleet management companies, vehicle maintainers, vehicle breakers, collectors, waste companies and approved treatment facilities

- Best Possible Prices for your used automotive cats
- Quick, easy transactions with nationwide collection service
- Flexible payment arrangements
- Licensed by the Environment Agency
- Transparent, consistent valuations

Are you throwing a valuable profit stream into the scrap bin?

Picture above is a stillage bin containing over £3,400 of used auto cats.

Every day used cats are thrown into the fleet and vehicle workshop's scrap bins and the only value recovered is that of the weight of the metal.

Platinum Recoveries Ltd is the UK's largest exclusive catalytic converter recycler. Operating nationwide, PRL buy used automotive cats direct and process them. PRL is committed to building long term business relationships and guarantee to pay a true market value for your auto cats. With our state-of-the art assay laboratory in-house facility, we sample your used auto cats to give you an accurate and true value. Prompt and flexible payment arrangements ensure that you will always get a speedy financial return on your assets and we will provide a revenue stream based on true market values.

All auto cats received are normally processed during the same day they arrive at our Swindon facility and we will arrange free collection direct from your workshops by our specialist team (min quantities apply) at a time to suit you. Receipts are always given on collection and dependent upon your choice of payment arrangement the monies due will be in your account no later than 7 days following collection.

Ring 01793 828283 and try our service levels, and let PRL deliver a new profit stream to your company.
